As of September 1st we begin a year of itineration to raise the needed support to continue our missions work in the inner city of Cleveland, Ohio. All of our family, friends, and partner churches can play a part in this important part of ministry. First, everyone that receives this newsletter can pray for God's blessing, favor and provision as we begin this process. Prayer is the number one most important part of this ministry. Second, if you are currently a supporter, we thank you from the bottom of our heart for your faithful support and ask you to spread the word. There's no way we can do this ministry without your support. As a supporter you already believe in the value of investing in this ministry, and the best advertising is "word of mouth". I'm asking you to connect me with a friend, family member or

Please pick a monthly giving level, drum kit, guitar, or guitar pick and let us know. We'll help you set up faithful monthly giving.

work associate you believe may want to make an investment with eternal value. And pastor friends, please connect us with other pastors you associate with in your area. If you're not a current supporter please prayerfully consider a monthly giving level, drum kit, guitar, or guitar pick and help us rock Cleveland with the gospel of Jesus Christ. Working together we can reach our goal in record time! If you or your church don't support us, please consider choosing us for monthly giving. We need your help.

Welcome to Buckeye

For many of you this is a refresher, but as we begin to itinerate to raise support for our ministry, I want to introduce our neighborhood and where we minister. The Buckeye neighborhood is a historic neighborhood filled with wonderful people that need the gospel message of God's love shared with them. Through the years the neighborhood has been battered by the enemy and now crime, prostitution, drug and alcohol abuse takes its toll on the people of Buckeye. Our mission is to take back this ground the enemy has stolen. We offer hope and healing through the gospel of Jesus Christ. Our corner location on Buckeye Road is critical as a light house in this darkened neighborhood. Pray with us for resources and favor as we take back this neighborhood.

We all can pray, give and serve. Just a few suggestions of ways you can partner with us to see transformation in the Buckeye neighborhood of Cleveland.

Coffee House is Open!

We are so EXCITED to announce The Tavern Coffee House is open for business and ministry. God is in the business of redemption and we are thrilled to redeem this old bar for the purpose of ministry. The finished project is so beautiful and inviting. We have been open for only eight days and people are starting to come in off the street and are receiving a dose of God's love. Some order a coffee or a Latte and a pastry or cookie, and some are looking for a cigarette or something free. But everyone is greeted with a smile, a kind word and Christian music playing softly on the sound system. We pray and trust the coffee house will be a spiritual refuge from the toxic stress of hard living in the Buckeye neighborhood. Pray with us for favor and success, and please consider stopping by for a visit. I'm sure you will sense the presence of God as you enter... and the coffee is awesome.
